2020 Women Build Dallas

Overview

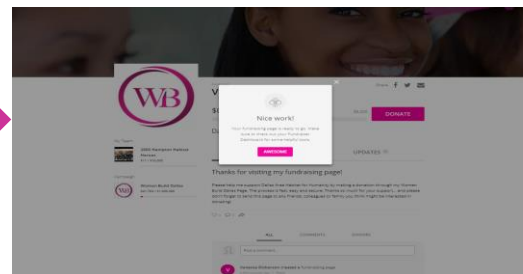

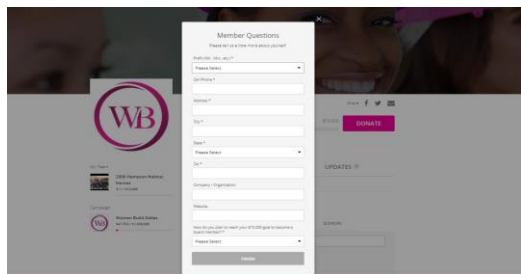

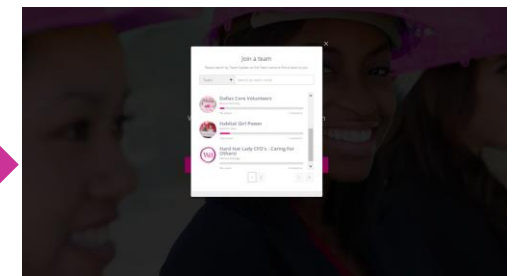

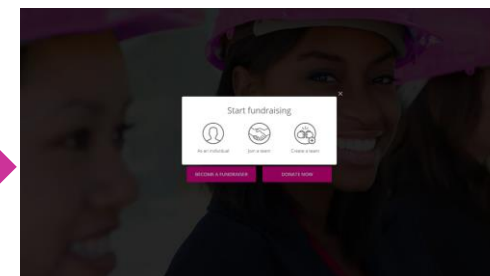

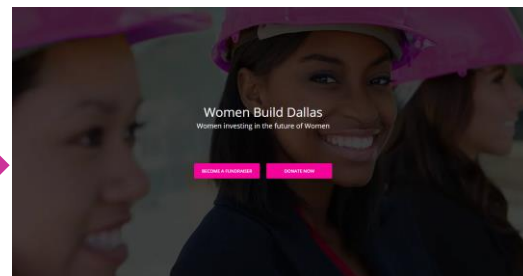

Women Building for the future of Women

Since 1991, Habitat Women Build volunteers from all over the world and from all walks of life have come together to build stronger, safer communities. Today, our neighborhoods are comprised largely of women and children, and there are unique challenges these women will face on their journey to financial independence. Dallas Area Habitat serves thousands of clients each year; 69% are women head of household and 41% are single moms. This is why Dallas Area Habitat for Humanity is embarking upon this Inaugural year of WOMEN BUILD DALLAS and we are inviting you to join as we invest in the future of these women.

WOMEN BUILD DALLAS is seeking 100 strong, empowered committee members to invest in the women who are on a journey to financial independence through homeownership. Our collective goal is to raise \$1M, or \$10,000 per Committee Member. You can make a personal donation or invite your friends to make a donation to help you achieve your goal. The funds we raise will provide new affordable home construction, neighborhood revitalization, and financial education for hundreds of determined women.

WOMEN BUILD DALLAS will provide an online community of relevant and curated conversations, and organize multiple networking and social events along the way. In March we will begin to build a home and repair existing homes for women who need our help. No experience is necessary, and volunteers will work under the guidance of construction professionals. Whether you are learning new skills or simply adding a few to your tool belt, this is a rewarding experience for all involved and improves the community that you share.
